

## GUIDED BIKE TOUR THROUGH STELLENBOSCH

This tour combines the beautiful scenery and sites of Historic Stellenbosch with some excellent wine pairings and some healthy outdoor exercise.

The tour starts 9:30 at the Adventureshop (located at Stellenbosch's Tourist Information Center) where each rider will collect a bike and helmet to suite their size. We will also carry a snack pack for each rider which is included in the rate. The Guide will carry saddle panniers for those who would like to buy wine en-route.

We will then take you via some interesting historic sites of Stellenbosch Town, into the scenic Jonkershoek Valley. A winding road through oak and poplar forests will take you to a wine estate nestled in the valley bottom, where you can take in the stunning views while doing wine tasting of some award winning wines. This will be followed by a circular route taking you further into the Jonkershoek

Valley where you can enjoy fantastic views of the surrounding mountains.

On the way out of the valley, you will stop at another wine estate which sports beautiful grounds and historic Cape Dutch architecture. Here we will do a Chocolate and Wine pairing that will make your taste buds tingle.

After the tasting we will head back into Stellenbosch Town where we will have lunch (optional and for own account) before ending the tour again at the Tourism office

There are some variations to the route, with varying levels of difficulty so the tour can be tailored to suite your cycling ability.
